- 366** K Line modern O gauge operating milk cars in original boxes. Includes 22149 Dairymen's League, K703-1751 New York Central, and K-712RC remote control. C8-9, original boxes have some dirt and dust.

TOY TRAIN AUCTION LOT DESCRIPTIONS

JANUARY 9TH AND 10TH, 2015

- 367** American Flyer by Lionel modern S gauge / O gauge accessories in original boxes. Includes 49807 Seaboard coaler, 49844 operating Christmas billboard, 49809 772 water tower, and 49805 23780 Gabe the Lamplighter. Items are C8 to C9.
- 368** MTH Railking modern O gauge American Flyer style accessories. Includes 30-9119 787 log loader and 30-9043 coaling tower. Both factory sealed C10.
- 369** Lionel modern O gauge coal accessories in original boxes. Includes 14107 497 coaling station, 14004 397 coal loader, and 37912 lighted coaling tower. Items are new C9-10 however boxes have a bit of dirt on them.
- 370** Lionel modern O gauge 12948 313 Bascule bridge in OB. Bridge is layout used C8+. OB has light wear.
- 371** Lionel modern O gauge 32910 operating rotary coal tipple in original box. Unit is factory sealed C10.
- 372** Lionel modern O gauge Long Island Railroad M-7 subway set. No boxes with the set. Includes two 7004 powered units, two 7003 coaches, 7007 coach, and 7008 tail car. Trains are C6-7 look to have has some light moisture along the trucks and frame, bodies have some light wear, and a few bent draw bars noted.
- 373** Lionel modern O gauge 31797 New York City Transit Authority R-16 6 car subway set. Set features Legacy control, opening doors, Legacy Railsounds, directional lighting and more. Some notes about this set. There are duplicates of car 6403 and 6399. This expands the original set to six cars. This set does have some issues that need to be pointed out. There are loose windows on two cars, the windows appear to be present, but the car will need opened to replace them. This set has also had some exposure to moisture. Light rust on the under body screws and on the draw bars, some cars worse than others. We powered up the set in conventional. The powered unit sounds work, runs in forward neutral reverse and doors open on one side although noisy. The bodies have mild wear aside from the window issues. All this being said the set is still a low C7 with great potential. Take a good look at the photos. Sold as is, the electronics seem to be OK. Inner cartons for cars included.
- 374** Lionel modern O gauge 31794 New York City Transit Authority 4 car R-30 subway set. Set features Legacy control, opening doors, Legacy Railsounds, directional lighting and more. Some notes about this set. We powered up the set in conventional. The powered unit sounds work, runs in forward neutral reverse. Could not get doors to open. Small area of paint chipping on the corner of one car. Appearance is lower C8, because there are electronic components that we are unable to test, these are being sold electronically as is.
- 375** Lionel modern O gauge 31797 New York City Transit Authority 4 car R-16 subway set. Set features Legacy control, opening doors, Legacy Railsounds, directional lighting and more. Some notes about this set. We powered up the set in conventional. The powered unit sounds work, runs in forward neutral reverse. Doors opened on one side. Multiple loose windows on every car. Windows in the OBs. Will need reglued, otherwise C8-9 appearance with very little run time. Because there are electronic components that we are unable to test, these are being sold electronically as is.
- 376** Lionel modern O gauge 31794 New York City Transit Authority 3 car R-30 subway set. Set features Legacy control, opening doors, Legacy Railsounds, directional lighting and more. Some notes about this set. We powered up the set in conventional. The powered unit sounds work, runs in forward neutral reverse. Doors open on one side. Missing last car in the set. Car 8475 has minor water damage, and small areas of rust on the underside of the car. Overall units range lower C7 to C8. Because there are electronic components that we are unable to test, these are being sold electronically as is.
- 377** Lionel modern O gauge 12782 lift bridge. Missing control box, power supply and other accessories. Bridge only. Appears to be C7-8. Sold as is shown in the photos.
- 378** Lionel modern O gauge / standard gauge 32999 Hell Gate bridge in OB. Bridge is lightly used C8. Original box has light corner and edge wear.
- 379** Lionel modern standard gauge #840 power station in OB. Catalog number is 14163. Features operating smoke stacks. Building is C8-9, might have been lightly used on layout. Steps are packed in the box. OB has some extra clear tape, split glue seam, and corner and edge wear.
