- 1079** Unrun Lionel Postwar O gauge TCA 6464-1971 boxcar, C9.
- 1080** Lionel Postwar O gauge unmarked 231 Rock Island alco shell, C7.
- 1081** Lionel Postwar O gauge 6800-60 separate sale airplane in original box with 1957 instruction sheet. Box has a small water stain but no loose or missing flaps. The Beechcraft bonanza is C6.
- 1082** Lionel Postwar O gauge 397 coal loader with yellow generator, guaranteed all original generator is C7, original base could use a cleaning and is C7, original tray has typical flaking of paint, C6.
- 1083** Lionel Postwar O gauge 971 Lichen, box has an intact cellophane window but the box itself has some shelf wear and creases.
- 1084** Lionel Postwar O gauge dealer abacus in sleeve. Sleeve has minor shelf wear, abacus is C9.
- 1085** Lionel Postwar O gauge dealer display 671-75 full box of 18v smoke lamps. The display box has water staining on one end and both ends have scribbled over numbers and one split corner. All twelve boxes inside are very nice and have their lamps.
- 1086** Lionel Postwar O gauge 6315 solid orange tank car with built date in original checkerboard box. The car has very strong lettering on one side but not as dark on the other side, very low run time, C7-8. Original box has no missing flaps but does have shelf wear and an old tag on one side.
- 1087** Lionel Postwar O gauge 2383 Santa Fe F3 AA set in master carton with both inner boxes. The locomotives have low run time and nice silver but could use a cleaning around the fine detail areas on the roof. The decals are very nice on both but one has a small split. The boxes were both opened from each end but have no missing flaps and are extremely square and straight. Both have writing on them but they still display well. The master carton has writing on the top and clear tape along the top seam. Trains are C7+.
- 1088** Lionel Postwar O gauge 2023 Union Pacific silver alco AA set in master carton. Trains are C7, master carton is very nice with two original inserts and one homemade.
- 1089** Lionel Postwar O gauge 2023 Union Pacific yellow gray in master carton. Trains are C6 with dummy unit having a hairline in the pilot as well as being slightly disfigured. The master carton is a brick with complete inserts.
- 1090** Two Lionel Postwar O gauge ZW 275 Watt transformers, both are very clean with good cords, one is an original Lionel cord, the other has been replaced, C7.
- 1091** Lionel Postwar rolling stock and accessories in original boxes to include such rolling stock as two 6462 New York Central gondolas with barrels, 3444 animated gondola, 6315 tank car, 6419 D. L. & W. work caboose, 6560 crane, 3424 operating brakeman car with 3424-100 telltale set and 3359 dump car. These items are all C6 to C8 with boxes that are nice looking and most have their inserts, they are mostly brittle. Also included are 110 and 111 trestle sets, three 260 bumpers, 1020 90 degree crossover two pairs of 1022 manual switches, 1122 remote control switches and seven catalogs including 1958, two 1959, 1960 and 1962-1965. The accessories and catalogs range from C6-8 in condition and have boxes that range from very nice to badly damaged.
- 1092** Lionel Postwar O gauge 746 Norfolk and Western J class locomotive with short stripe tender. This set looks very nice but has some type of mildew that will need to be carefully removed. If this is able to be successfully removed, the locomotive would be in the C7+ range. The boiler front does have some paint loss but that is the extent of issues. The tender is C7+ with no mildew and low run time.

## OCTOBER 24 AND 25, 2014

- 1093** Lionel Postwar O gauge restored 2332 Brunswick green GG1, looks very nice but the stripes over the vents are missing or incomplete on one side only and the paint is too thick on both sides and goes down into the grooves. A very nice looking restoration.
- 1094** Restored Lionel Postwar O gauge 1656 0-4-0 switcher & 6403B tender, a great looking set.
- 1095** Lionel Postwar O gauge 736 Berkshire & 2671W tender. The set looks very nice in the C7 range but has a small amount of mildew that will need to be cleaned off of both pieces.
- 1096** Lionel Postwar O gauge 2046 Hudson steam locomotive & 2046W tender. The set looks very nice in the C7 range but has a small amount of mildew that will need to be cleaned off of the locomotive only.
- 1097** Lionel Postwar O gauge 2350 New Haven EP-5 electric with nose decal. There is a lot of mildew on the roof and noses as well as some yellowing on the sides that will need to be cleaned up. If this can be cleaned, it should turn out to be a C7 or better example considering there are no nose cracks and no battery damage.
- 1098** Lionel Postwar O gauge 350 transfer table in original box, complete and appearing to be barely if ever used. C8 accessory in a very nice original box that has all inserts with no graffiti or tape repairs.
- 1099** Lionel Postwar O gauge 164 lumber loader in original box. The loader has no packets but includes 11 original logs and a nice controller with good wire that is still pliable. The loader will need to be cleaned up but is extremely nice otherwise and should easily clean to C7+. There are a few small paint chips from the yellow tray area that would keep it from being graded C8 or better. The original box is complete with inserts and has a nice label. There are no tape repairs but there is some masking tape used to seal the box at some point in time that is dried up. There is some graffiti on one side.
- 1100** Lionel Postwar O gauge 182 magnetic crane in original box, C6+ but needs cord as the original one was removed. It could use a cleaning and may clean to C7+. The original box is complete with an original insert. The box does have shelf wear as well as a nearly complete label with no graffiti or tape repairs.
- 1101** Lionel Postwar O gauge 282R gantry crane in OB with inserts, C7, could use a light cleaning. There are four insert pieces but unsure if that is a complete set. Box is extremely nice but has a couple small punctures on the flaps.
- 1102** Lionel Postwar O gauge 397 coal loader & 128 animated newsstand in original boxes. Both are C6+. 397 box has a correct insert but the box has graffiti all over one side and some on the inside as well, 128 box is very nice with no issues and a complete insert.
- 1103** Three Lionel Postwar O gauge 256 freight stations in original boxes. All three are clean, two have a single broken finial from the fence and one is missing a metal sign, C6. All three boxes are very nice with no issues.
- 1104** Lionel Postwar O gauge 38 water tank & 114 newsstand with horn in original boxes. Both accessories are C7+ with nice original boxes.
- 1105** Lionel Postwar O gauge 497 coaling station in original box with insert and instruction sheet. Station is C6+ but could clean up to C7. Box has minor graffiti on a couple sides but no missing flaps or tape repairs and includes the lower insert. The controller is in nice shape but the wire will need to be replaced as it is brittle in a few places.
- 1106** Lionel Postwar O gauge 2528WS The General set in original box with all perforated inner boxes, perforations intact and beautiful overall. One box has the tab held in with clear tape, all of the rest are all intact and extremely nice. Trains include a 1872 General locomotive, 1872T tender, 1877 flat car with horses, 1865 passenger car and 1866 baggage car (missing one smokestack), C6-7. Also included are super O track, parts packets with nearly complete parts and a 1927 instruction sheet. Set box is nice with an intact briefcase handle and no tape repairs or graffiti.
- 1107** American Flyer S gauge 20550 Frontiersman set & 24730 Overland Express in original boxes. The set includes A Franklin locomotive & tender, 20 passenger car and 40 baggage car. Other items to include 12 curved track sections, 2204 transformer, two unopened parts packets and many pieces of minty paperwork. The cars have been run but sparingly and are C8. The boxes are in fantastic shape with no missing flaps or tape repairs.
